## PUBLIC LEADER

The women say a widower is like baby in the respect that the second summer is the hardest for him. If he gets through the second summer in safety he thereafter is very difficult to entrap.

### PRETTY LITTLE DOLLY, NO MORE.

It's the common fate of all household pets. "Dolly," the prettiest and most loving and loved little "toy poodle" one ever saw, and a valued household pet of the editor of The Public Ledger, was attacked by rabies and her condition became so bad last night that Dr. R. P. Moody was called in and he decided that Dolly must be chloroformed to prevent her possibly, from biting any one. This was done last night by Dr. Moody and Dolly went out on the wings of a painless death, sincerely mourned by her owner, Miss Theodosia G. Curran.

### DEATH OF NEGRESS WHO DID NOT NEED FREEDOM.

(Frankfort State Journal.) Last rites were performed Tuesday afternoon over the body of Annie Pleasants, the last of a large family of faithful servants whose mother was brought from Virginia by Richard Blanton, the great-grandfather of Mrs. Kate Patton and Miss Virginia Morris. When the slaves were set free by President Lincoln, Annie refused to leave "Old Master" Mr. Blanton, because he needed her. All the Blanton family thought highly of her, finding her truly, as she was always accustomed to call herself, a "dark skin white lady," courteous, truthful and highly honorable. She was 82 years old at the time of her death.

### INTERESTING FACTS ABOUT KENTUCKY'S MILITIA.

Washington, January 28.—Kentucky's militia fails to draw any specific fire from Brig. Gen. Mills, chief of the division of militia affairs, who, in his annual report issued, scathingly criticizes the militia for its failure to take advantage of what Gen. Mills considers its opportunities.

Two Kentucky companies—D, of the Second infantry, at Whitesburg, and I, of the Third infantry, at Murray—he grades as "excellent," while six companies are rated "very good."

There are 2,162 members of the Kentucky organized militia, and, according to the adjutant general of the State there are 342,162 males in the State available for militia service. The number of Kentucky males listed as available for such service by the census of 1910 is given as 457,493.

In 1912, the division of militia affairs involved the amount and value of equipment lost by the militia of the several States in the ten years from 1902. Kentucky lost \$18,926 in equipment, of which the division chalked off \$16,447, charging only the small remainder against the next allotment of \$26,409 which is to be made to the State. This leaves the State \$23,930.

Gen. Mills announces that the Federal appropriation for the Kentucky militia for 1913-1914 is: For ammunition, \$9,795; for supplies, \$16,614; a total of \$26,409.

## HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GRIFFITH, 7306 Madison Ave., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."

—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.

### CANADA SPENT \$70,000

\$12,000 Annually Paid for Matter On "Patent Infringement" in the West.

Washington, January 28.—How Canada has paid the Western Newspaper Union \$42,000 a year for the last twelve years to circulate reading matter about the Dominion through the medium of "patent infringements" which the union furnishes to newspapers, was told to the Senate Lobby Committee today by Geo. A. Joslyn, of Omaha, president of the union, and Alfred Washington, its advertising manager.

Joslyn testified that the matter so circulated was marked "advertisement," and was designed to induce Americans to emigrate to Canada.

### RED CROSS SEALS

Good Work of High School Pupils, Who Sold \$55.55 Worth During the Holidays.

During the holidays several of the High School students sold Red Cross stamps for the benefit of the local Health League. There was a friendly rivalry among the four classes in the High School, as to which class might sell the greatest number of stamps.

While the Freshman class sold 2,402 stamps, being more than that of any other class, yet the average per pupil was 29.29.

The Junior class making the highest average, sold 1,019, making an average of 31.84.

The Senior's were second with an average of 31.09, the Sophomores 27.88.

While the Sophomores made the lowest average per pupil, yet the greatest number sold by any one pupil was by a Sophomore, Miss Harriett Rains, who sold 315 stamps.

The one selling the greatest number in the Freshman class was Miss Lucille Parker, who sold 250 stamps. Miss Martin Green Sharp, 200, and in the Senior class Anna Calvert, 151.

The total amount turned over to the Treasurer of the Health League was \$55.55.

These young people deserve a great deal of credit for the enthusiasm they have manifested in this work. The Health League is carrying on some splendid work here, and we know that they appreciate very much any work of this nature.

### ALMOST THE TRUTH.

Gen. John M. Wilson, formerly superintendent at West Point, and beloved equally by soldier and civilian, while having a warm spot in his heart for old Virginia, finds keen delight in twitting her sons upon their crowning weakness, says the Washington Times. Halting Senator Swanson the other day, with a merry twinkle in his merry eye, he spoke thus:

"Senator, I dreamed last night that I had gone to heaven, and while St. Peter, or maybe it was Gabriel, was taking me around, showing me the pearly battlements and the golden streets of the new Jerusalem, I saw several stout angels busily engaged in lashing a new arrival to a lamp post. This party made vigorous protest, biting, kicking and scratching in a manner that seemed to fall foreign to the sublime peace of the heavenly city."

"Who is that gentleman, and why is he acting so unruly?" I asked my guide.

"Oh, that's a fellow who came up from Richmond last night," responded Gabriel, with a glance of irritation at the newcomer. "He's kicking because they won't let him go back to Virginia."

## ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.

It is the Sign of the Times.
